Welcome to Câmpia Turzii!

Câmpia Turzii is a wonderful city,
located Cluj County, Transylvania,
Romania.

It was formed 100 years ago by
merging two villages, Ghiriș Arieș and
Sâncrai. This city was also built on the
banks of the Arieș River, surrounded by
hills and open landscapes.

Turzii*

Why is Câmpia Turzii special and important?

Câmpia Turzii is a special city because it combines history and nature.

The people are friendly and open to other cultures and ideas, which reflects the European spirit.

The city is an important local center for education, community life and transport in the region.

Even though it doesn't have many museums and tourist attractions, it is a peaceful city that should be recognized more.

The goal of “Avram Iancu „ Secondary School

The main priority of our school is the development of students, discovering new talents, learning new things and making fantastic memories.

We want to ensure quality education in a safe environment.

Communicating openly with parents to take care of the well being of all students, promoting core values to shape the teenagers into responsible people. Also we want to help students of all nationalities feel seen and integrated.

And we are always trying to be open to modern perspectives to help our school always be better.

Our school contest

When we were first told about Erasmus, the teachers in our school have held a contest to choose a logo for this project. The students could grup and make their own design with the artificial intelligence's help or just with their imagination.

Our school athletes

Besides our educational competences, we are also involved in different kind of sports like:

- Volleyball
- Badminton
- Athletics
- Football

Christmas Fair

Every year, our school organizes a charitable Christmas Fair where students, with the teachers help, donate items brought by themselves, such as handmade decorations and food.

The event takes place in our gymnasium in December, and the money raised is donated to different causes such as hospitals.

A quick game , which contains 8 questions about the presentation.
